PROVISIONAL ELECTION

Sir:

In response to the Examiner's Action dated December 4, 2002,
please enter the following Provisional Election.

In the Examiner's Action dated December 4, 2002, the Examiner
indicated that an Election to one of the following "species" was
required:

- I. Claims 25-31, drawn to a method of making float glass,
classified in class 65, subclass 90.
- II. Claims 32-44, drawn to float glass, classified in class 501,
subclass 11.

In response to the election requirement, Applicants hereby respond as follows:

The requirement for election set forth in the Action is hereby expressly traversed, and reconsideration and withdrawal of the requirement are respectfully requested.

It is submitted that the above-listed Species I and II are so closely related to one another that their examination could be most efficiently and effectively carried out in a single application.

However, in the event the election requirement is maintained, Applicants hereby **provisionally** elect Species II for prosecution in the present application. Presently, Claims 32-44 all appear to apply to Species II.

It is respectfully requested that an action on the merits be issued at an early date.

If mailed, I, the person signing this certification below, hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as first class mail in an envelope addressed to: Assistant Commissioner for Patents, Washington, D.C. 20231, on the date indicated in the certification of mailing on the transmittal letter sent herewith, or if facsimile
